

A top-down view of various baked goods on a light-colored wooden surface. In the top left, a chocolate cookie with sesame seeds is partially broken. Next to it is a donut with white icing and orange drizzles. To the right are two chocolate cookies with white chips. Below the sesame seed cookie is a donut in a blue paper liner with white icing and chocolate chips. In the center, a muffin with a chocolate chip is visible. To the right of the muffin is a donut with pink icing and sprinkles. Below the muffin is another chocolate cookie with white chips. In the bottom left, there are two more chocolate cookies with white chips. At the bottom center, two small donuts with pink icing and sprinkles are shown. To the right of these is a donut with white icing and white sprinkles. Further right is a plain, golden-brown donut. At the bottom right, a donut with pink and white stripes is partially visible.

**STOKSON**  
MODERN BAKERY

**WE CREATE EXCELLENT PRODUCTS**

# STOKSON

MODERN BAKERY

**STOKSON Company was established in the year 1990 and is now one of the most high-tech companies specialized in producing berliners, donuts and other confectionery.**

In our plants we use the innovative solutions in terms of technology, production, storage and logistics. Our stable and qualified staff, an extensive R&D department and the latest generation of production lines allow us to create unique products defining market trends in their categories.

Stokson Company is very well known to customers who value high quality, stability and reliability of the supply chain. Our products are well considered by millions of consumers in Europe.

The company owns the most important international certificates guaranteeing the highest production quality and safety. The synergy of perfection in operation together with skilled and competent staff and advanced technology results in the company's success. We exceed the consumers' expectations by creating market trends. Through innovative and original solutions we are constantly striving to improve our products by extending our offer with new categories.
