## BAVARESE CON COPERCHIO

Il dolce che noi tutti conosciamo è stato preparato per la prima volta nell'Ottocento in Francia, non in Baviera, da cui si è diffuso proprio grazie alla grande fama di **chef e maîtres pâtissier** che venivano invitati in tutte le corti d'Europa per preparare le loro prelibatezze alle famiglie regnanti.

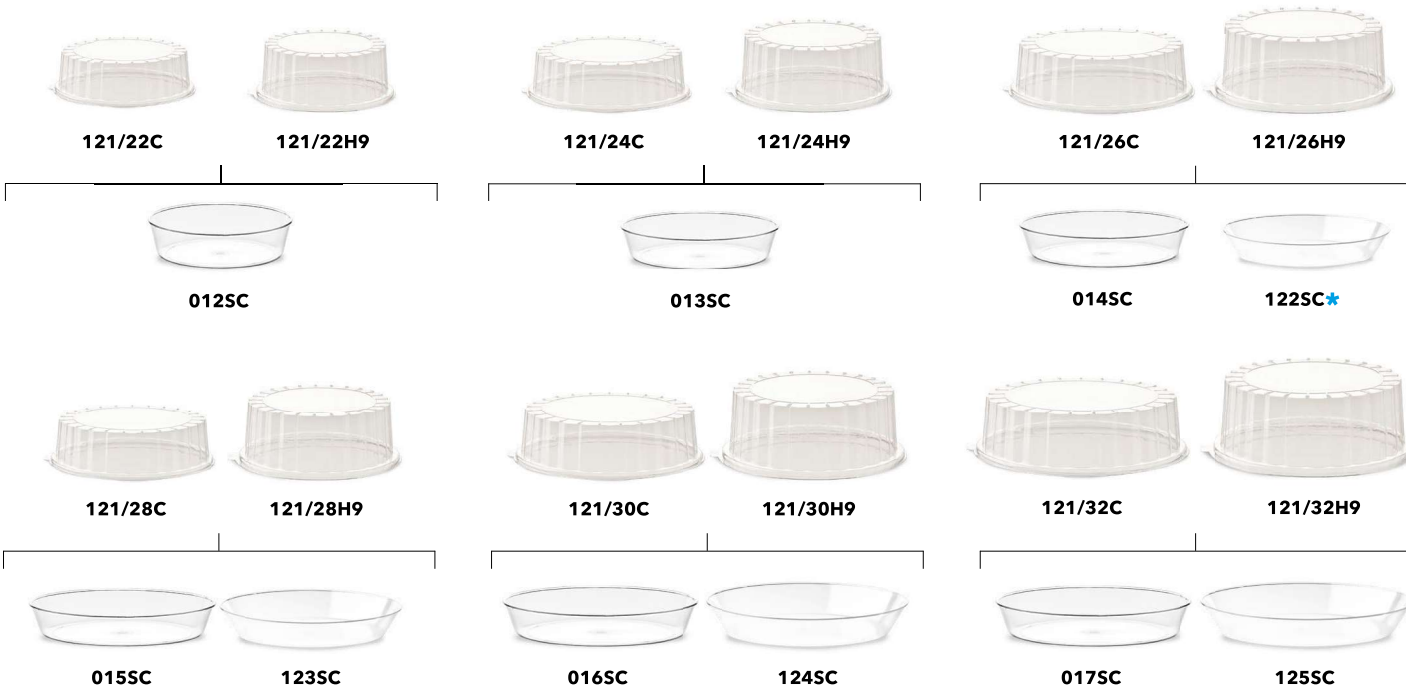

The dessert that we all know was prepared for the first time in the 19th century in France, not in Bavaria, from where it was spread thanks to the reputation of **chefs and maîtres pâtissiers** who were invited to all European courts to prepare their delicacies for the royal families.
