ABOUT US

27 YEARS IN THE MARKET

HISTORY

Back in 1994, we decided to use the fact that Bulgaria is the place where some of the most fertile soils in the Balkans are located. Our location in the heart of these lands and the abundance of delicious and full of vitamins fruits grown on our Bulgarian soils is the perfect prerequisite for the preparation of natural fruit purees, fruit syrups, jams and marmalades of the highest quality.

TODAY

Our activity develops in two main directions, one is the production of fruit fillings for the confectionery industry, known under the brand KONPAKS, and the other in the production and distribution of high quality cocktail fruit purees, fruit syrups and topping sauces, suitable for HoReCa channel and for Retail Distribution.

CHARACTERISTICS

Advantages of our products: We do not use concentrates and artificial materials. We use fresh fruits supplied by local producers and we import citrus fruits from trusted partners. High fruit content. Contains real pieces of fruit. High profit margins from the final product (home-made lemonades). Wide choice of flavors. Without preservatives. No artificial colors. No GMO. All products are HALAL certified.

IMPORTANT

We are ready to start exporting with distributors around the world - we have enough capacity and can offer high quality products at competitive prices. We want to remind you that we are able to produce a product of your choice - fruit, flavor, texture, packaging, characteristics, application.

THE PREPARATION AND SERVING OF THE PERFECT BEVERAGES IN YOUR UNIQUE BAR, HOTEL, MODERN CLUB OR BEACH WILL SATISFY EVEN THE MOST PRETENTIOUS EXPECTATIONS. THIS WILL BE A PLEASURE FOR BOTH THE STAFF AND CUSTOMERS. ALL OUR PRODUCTS COME IN CONVENIENT PACKAGING, WHICH ENSURES THE ABSENCE OF PRESERVATIVES AND ARTIFICIAL COLOURINGS! WE BELIEVE THIS IS IMPORTANT!

WELL-RIPENED FRUITS ARE FRAGILE AND EASILY DAMAGED, THAT IS WHY WE RELY A LOT ON MODERN AND EXPENSIVE TECHNOLOGY, WHICH MINIMIZES THE LOSS OF HEALTHY INGREDIENTS AND PRESERVES THEM IN OUR PUREES. THANKS TO THE HIGH PRECISE CONSISTENCE AND RICH FRUIT CONTENT WE RECOMMEND DISSOLVING THE PUREE WITH REGULAR OR CARBONATED WATER

IN A RATIO OF 1:8 (FOR MAKING LEMONADES)* OR ONE PART OF A PUREE IS DISSOLVED IN EIGHT PARTS REGULAR OR CARBONATED WATER. ADD A FEW ICE CUBES, A SPRIG OF MINT AND A SLICE OF FRESH LEMON. STIR WELL AND DRINK WITH A STRAW. THAT'S ALL! BARTENDERS, OF COURSE, WILL UNLEASH THEIR IMAGINATION.
