Açaí

This energizing and antioxidant Amazonian berry is a "Super Fruit" with proteins, essential fatty acids and reduced sugar content.

Acerola

Acerola is another "Super Fruit", very rich in vitamin C (up to 40x the orange), with a very high antioxidant action.

Pineapple

Pineapple is a source of vitamin C and B vitamins and contains bromelain, an enzyme with digestive and anti-inflammatory properties.

**FORTHCOMING
Banana**

It is the ideal ingredient of many smoothies with its familiar sweet and soft taste.

Cajá

This fruit from the "Northeast" of Brazil, rich in minerals, with a sophisticated acidic taste, is the ideal ingredient for ice creams, sorbets and smoothies.

Caju / Cashew

Very rich in vitamin C (about 4x orange), iron and phosphorus, it is the fleshy part of cashew, typical of the "Northeast" of Brazil.

Coconut

Our coconut milk faithfully keeps the taste of one of the most popular and beloved tropical fruits.

Goiaba / Guava

Fragrant and thirst-quenching, rich in vitamin C and lycopene, goiaba combines taste with excellent nutritional and functional properties, including a remarkable antioxidant capacity.

Graviola / Soursop

Graviola has a velvety and slightly acidic taste. It is very appreciated for its detox properties.

Lime

It is the protagonist of many preparations thanks to its strong taste, rich in aromatic nuances.

Mango

Mango, perhaps the most beloved of the tropical fruits, has a high antioxidant capacity also thanks to its wide vitamin spectrum.

Maracujá

Aromatic and pleasantly acidulous, it is rich in B vitamins and contains passiflorin, a natural tranquilizer.

Papaya

It is an excellent source of vitamin C and contains papain, an enzyme with strong digestive action.

Melone

Fruteiro pulp faithfully reproduces the delicate fragrance of this typically Mediterranean fruit.

Raspberry

Thanks to its intense taste and lively color, it shares with the strawberry the prominent role among red fruits.

Red Fruits

Our blend of blackberries, raspberries and strawberries is a harmonious mix of red fruits, well balanced in terms of taste and nutritional properties.

Strawberry

Fruteiro chose this variety of strawberry to reflect full taste and color of this protagonist of countless recipes.
