### Spectrum of possibilities

The basis for our production are innovative technologies as well as natural **high quality** raw materials.

Our natural food ingredients are used in every production domain in the food industry.

## MIRVAC

Drying does matter

A READ

MADE

PRODUCT

### See the difference

The unique *drying method* in an exceptionally short time and low (but positive) temperature e.g.: of fruit, vegetables and cheese. Thanks to proper parameters, it allows very high levels of *nutritional* components to be preserved in the final product. In the rehydration process, products regain the **natural texture, flavour** and aroma typical of the raw material used.

As compared to popular freeze drying - MIRVAC production technology meet all the present needs and market trends.

BROCCOLI

### **Handy Functionality**

This makes it possible to obtain **microbiologically clean** and **easy-to-apply** powdered products produced from liquid thickened juice, concentrate or other wet raw materials. Solutions are sprayed by means of a spray disk, while drying is effected by immediate evaporation of water with the use of hot air.

The final product is *microencapsulated*, therefore releases its aroma only after being submerged in water.

PRODUCT CHARACTERISTICS	TRADITIONAL SPRAY DRYING METHOD	SPRAY DRYING TECHNOLOGY WITH THE USE OF NOZZLES
MEDIUM QUANTITY	STANDARD	REDUCED
SOLUBILITY	GOOD IN WARM SOLUTIONS	VERY GOOD IN WARM SOLUTIONS, BETTER SOLUBILITY IN COLD SOLUTIONS
HYGROSCOPICITY	STANDARD	SMALLER
POWDER STRUCTURE	TYPICAL OF PRODUCTS OF TRADITIONAL SPRAY DRYING	IMPROVEMENT IN STRUCTURE AND QUALITY OF POWDER

## **Trends & Market needs**

MINTEL

We already have it

#### Parents are seeking vegan/vegetarian options

Focusing on *natural sweeteners* such as fruit juice is one way to promote the BFY (Better For You) status of *candy for kids*. Drawing attention to other "clean" ingredients including those derived from vegan or vegetarian source also positions the **treats as "better."** Moreover, increasing permissibility with better-for-you credentials is crucial to winning over health-aware consumers

who are seeking treats which beyond delivering indulgence can also support their health and wellness goals.

Select European countries: desire to see more vegan/vegetarian sugar confectionery, by presence of children, 2018

## **Trends & Market needs**

We already have it

### The opportunity

Emphasizing attributes such as **no dairy and no animal ingredients helps** to position products as suitable for adults and children who are moving to "cleaner" eating patterns. There is still room for treats, even for those who have embraced a **flexitarian**, **vegetarian or vegan lifestyle**, **and confectionery** that meets the diet requirements of these groups will **find a growing audience**.

Stronger focus on earning trust through "cleaner" ingredient statements and open communication is needed. Superfruits offer interesting options for *flavour variety* whilst providing a *positive healthy halo*, but stick to the best-known varieties and **improve** the provenance of the overall product.

INTE

## **Our best answer**

We already did it

The *simplicity* is the key. We have *natural ingredients* and *clean composition,* as well as *claims* in line with trends and the *functional role of food* for each of us. The foundation is the taste that gives pleasure to every palate!

Suitable for Vegan / Vegetarian

High in fibre / protein

With Superfoods

Gluten free

Easy & convenient to prepare

Dairy free Lactose free

Organic

No added sugars

**Jellies** 

Ingredients proposal

**ORANGE** (dried fruit powders)

Storage **Convenience** & **Ease** of preparation.

100% **natural** products.

**STRAWBERRY** (dried fruit powders)

## **Chocolates**

Natural source of great taste

#### MANGO (dried fruit with infusion)

STRAWBERRY (dried fruit)

**LEMON** (dried fruit powders) Appetizing, replacing ready products from the fridge. Natural ingredients paired with great taste and aroma.

## **Superfruit** Proper ingredients are the key

S

APPLE (dried fruit with infusion)

Tasty, convenient in preparing in fast-pace world.

Natural ingredients.

## MANGO

## **Compose with ingredients**

#### Wide range of possibilities
